Corporate Governance Report for the year 2018 RAK Properties P.J.S.C.

The official document is in the Arabic language which shall prevail

Corporate Governance Report issued by RAK Properties P.J.S.C. for the year 2018

First, Measures taken to complete the corporate governance system during 2018 and how to implement them:

RAK Properties has been implementing and adopting corporate governance laws and regulations since 2009. The Corporate Governance Report for the year 2009 was issued in June 2010 and published on the Securities and Commodities Authority website. The Corporate Governance Report for the year 2010 was published in February 2011. 2011 report was issued in March 2012 and published on the Securities and Commodities Authority website and the Company's website. Governance reports for the years 2012, 2013, 2014, 2015, 2016, 2017 were issued and published on the Securities and Commodities Authority website and the Company's website. This report, the tenth report, is for the year 2018.

RAK Properties believes in the necessity and importance of practical application of the principles and laws of governance and standards of institutional discipline in a precise manner and in line with the interests of the Company and its shareholders because these laws and controls have positive effects that benefit all parties. RAK Properties believes that adherence to the principles and rules of governance will preserve its funds and those of shareholders due to the transparency standards and efficiency guaranteed by such principles that defend the Company's reputation and secure the shareholders' trust in its Board of Directors leading to production boosting.

Therefore, RAK Properties abides, in all its activities and transactions, by compliance standards by implementing the resolutions, statutes, rules and regulations related to the organization and management of public joint stock companies and mostly based on the Federal Law No. (2) of 2015 on Commercial Companies and its subsequent decisions, interpretations or directives that have been further issued in all its activities and transactions to date by the Securities and Commodities Authority and competent official authorities in the UAE.

RAK Properties is pleased to confirm its commitment to the implementation of the provisions contained in Ministerial Resolution No. 7 of 2016 as the latest legislation in this regard. The most important measure taken by the Company in implementation of this regulation is the periodic disclosure of the Board's meeting dates more than two working days in advance, and the disclosure of the results of the meeting immediately thereafter.

RAK Properties has also committed to the disclosure standards of financial statements relating to the Company for every quarter during 2018 which was performed on time and under the supervision of the Stock Market and the Commodities and Services Authority. Moreover, pursuant to law provisions, Board Members have not received any representation or attendance allowances for attending the Board meetings. However, some of them have received attendance allowances for attending the meetings of the Board committees, as hereinafter detailed, as an effort added to the normal assignment of a Board member.

The current session started with the election of nine Board Members on March 17, 2018 at the ordinary general assembly meeting of the Company. The current session of the Board expires on March 16, 2021.

Second, Transactions performed by the Board Members, their spouses or sons regarding the securities of the Company during the year 2018:

The Board of Directors and its Executive Management abide by the rules and procedures governing the transactions performed by the Board members and Company's employees who have information by virtue of their positions in order to improve the level of transparency and disclosure and allow the shareholders to be equal in their transaction regarding the shares of the Company.

The Company has provided the stock market with a list of names of the Company Chairman and Board Members as well as an updated list of the insiders from the executive management and heads of departments in order for these insiders to comply with the procedures established by the market and the Authority through receiving the approval of the director of the stock market on any transactions conducted regarding the Company's security (The Company share) whether by selling or buying and through the trading floor or family transfers in the management of the clearing.

Furthermore, the Stock Market Department automatically suspends, through its electronic system, all those listed in the insiders list from trading, through buying or selling, in the Company's shares fifteen days in advance until the disclosure of the required financial results for each period. This procedure is automatically performed by the market system and the Securities and Commodities Authority.

If any insider wishes to buy or sell the Company shares during the grace period (outside the suspension periods), he/she must submit an application in accordance with the forms approved by the Abu Dhabi Securities Exchange and its financial intermediary.

It is worth noting that RAK Properties has obligated all its employees to follow the procedures of the stock market in this regard, emphasizing, from time to time, the importance of applying and abiding by these laws as well as any new laws, resolutions and circulars issued by the Market and the Authority governing these transactions.

The measures are aimed at maintaining the Company reputation and enhancing the confidence of shareholders and investors so that the Company Board of Directors and employees do not exploit the information that may be available for them before the others to achieve material gains at the expense of the others. Therefore, the Company applies all the regulations issued or to be issued in the future by the Securities and Commodities Authority and Abu Dhabi Securities Exchange.

During 2018, the following Board Members or their relatives up to the first degree traded in the shares during the grace periods according to the following table:
